PROFESSIONAL SUMMARY

Results-driven Electronics and Communication Engineering undergraduate with strong foundations in Java programming, Data Structures & Algorithms, and Data Analysis. Hands-on experience developing analytical data pipelines, interactive dashboards, and algorithmic applications. Seeking an entry-level Software Engineer / Data Analyst position to leverage core software development and analytical problem-solving skills.

TECHNICAL SKILLS

Languages: Java, Python, SQL, HTML5, CSS3

Data Analysis & Visualization: Pandas, NumPy, Matplotlib, Seaborn, Power BI

Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Database Management Systems (DBMS)

Cloud & Developer Tools: AWS (EC2, S3, IAM – fundamentals), Git, GitHub, SQLite3

Artificial Intelligence: Agentic Ai , Langchain , Streamit, LangGraph , LLM, RAG

PROJECTS

Customer Shopping Behavior Analysis | *Python, Pandas, Seaborn, SQLite3*GitHub ↗

- Processed and analyzed a retail dataset of 3,900 customer transactions across 18 demographic and behavioral variables using Python and Pandas.
- Performed data cleaning and preprocessing via median imputation for missing review ratings, verifying 100% data integrity (0 duplicate records).
- Conducted exploratory data analysis (EDA) to evaluate consumer purchasing patterns across categories, payment gateways, and fulfillment types.
- Built statistical visualizations using Seaborn and Matplotlib to highlight demographic revenue drivers and customer loyalty segments.

IPL Performance Analytics Dashboard | *Power BI*GitHub ↗

- Modeled multi-season IPL sports datasets to analyze team metrics and individual player performance trends.
- Developed interactive Power BI dashboards featuring dynamic filtering, key performance indicators (KPIs), and visual data storytelling.

Task Management Web Application | *HTML, CSS, JavaScript*GitHub ↗

- Developed a responsive web application for task tracking, incorporating dynamic item management and local storage persistence.

EDUCATION

Bachelor of Technology (B.Tech), Electronics and Communication Engineering - 7.55 cgpa 2022 – 2026
Guru Nanak Institute of Technology, Panihati, West Bengal

Higher Secondary (Class XII) – CBSE, 92.6% 2021

Secondary (Class X) – CBSE, 95.2% 2019

CERTIFICATIONS

AWS Certification — View Certificate
Python Certification-https://github.com/Ankit08-billa/Python-Certification/tree/main
